

PERFORMER ENGAGEMENT AND DIGITAL REPLICATION AGREEMENT

This Agreement is made as of 1 March 2025 between Meridian Streaming SAS (the "Producer") and Théo Marchand (the "Artist"), represented by Ardent Talent Group.

1. RECITALS

Producer is engaged in the production of "Lanternes" (the "Picture"). Artist is a professional performer whose name, voice and likeness have independent commercial value. The parties wish to record the limited terms on which Producer may create and use a digital replica of Artist.

2. DEFINITIONS

"Digital Replica" means any computer-generated reproduction of the Artist's voice, visual likeness, or performance, however created, including by machine learning or other generative means.

"Term" means the period beginning on the Effective Date and ending on the date stated in clause 6, after which no right granted here survives.

3. SERVICES

Artist shall render performance services on such dates as the parties agree, and shall attend one recording session for the purpose of capturing reference material.

4. GRANT OF RIGHTS

Licensee may generate a synthetic reproduction of the Artist's voice and visual likeness for the Series, in France and Belgium.

The grant in this clause is limited to the Picture and to the Term. It does not extend to advertising, to merchandising, or to any production other than the Picture.

5. COMPENSATION

Producer shall pay Artist a per-episode fee on any synthetic line included in a delivered episode, payable within forty-five (45) days of delivery.

6. TERM

This Agreement takes effect on 1 March 2025 and expires eighteen (18) months thereafter. On expiry, Producer shall cease all use of the Digital Replica and shall not renew this grant by conduct, course of dealing, or continued payment.

7. RESERVED RIGHTS

All rights not expressly granted are reserved to the Artist.

8. GOVERNING LAW

This Agreement is governed by the laws of France.
